Newark, 2, New Jersey.

Dear Sir:

I have your letter of April 14th and we find the date of 10 May 1944 satisfactory for a game between the Newark Eagles and Camp Kilmer.

I have contacted the Field Director of the Red Cross at Camp Kilmer and asked that he contact the proper authorities in Newark to arrange for transportation for your team. I have told him that your team should arrive here at approximately 4:00 P.M. You can expect a call from the Red Cross on this matter within the next few days. If you do not hear from them, would you please make the necessary arrangements on your own as you suggested in your letter.

I trust that you will let me know when arrangements have been completed.

We are looking forward to your teams visit here. Best wishes for a successful season.

Very truly yours,

Henry C. Bonaldi
